Anesthetic Management of Critical COVID-19 Infection: A Narrative Review of Concepts and Evidence-Based Clinical Practices

Published On: May 28, 2022 | Pages: 001 - 011

Author(s): Jameel Kassam* and Eapen Mathew

Anesthesiologists are on the frontline in the war against the global COVID-19 pandemic, providing airway, ventilatory, and hemodynamic support to acute patients suffering from severe and critical COVID-19 infection. ...
