Primary pulmonary myxoid sarcoma: A case report and review of the literature

Published On: September 27, 2023 | Pages: 001 - 003

Author(s): Hollis Hutchings, Erik Schwarze, Beena Ahsan, Jessica Cox and Ikenna Okereke*

Background: Primary pulmonary myxoid sarcoma is a very rare tumor, with less than 25 cases being described in the literature. When found in the bronchial tree, an R0 resection with post-operative follow-up is sufficient for curative treatment. We present a case of primary pulmonary myxoid sarcoma in a middle-aged man with an associated review of the literature to high ...
