Invasive yeast infection in patient with Acute pancreatitis

Published On: November 29, 2017 | Pages: 006 - 010

Author(s): Jana Simonova, Lukas Cuchrac, Jozef Firment, Viktoria Takacova, Ladislav Vasko, Janka Vaskova*

The incidence of invasive yeast infections is rising in patients hospitalised in intensive care. Their early diagnosis is problematic, although predictive models (Pitt's colonization index, Leon score and others) can be helpful when deciding to initiate treatment ...

Severe Congestive Dysmenorrhea in an Adolescent

Published On: December 05, 2017 | Pages: 011 - 012

Author(s): Swaramya Chandrasekaran*, Haritha Sagili and Sunitha V Chakkalakkoombil

A 16 year old girl presented with severe congestive dysmenorrhea shortly after the onset of menarche at 14 years of age. Menstrual cycles were otherwise regular with normal fl ow pattern. She was prescribed multiple NSAIDS, which provided minimal relief. ...
