Regenerating Retinal Cells and Restoring Vision

Published On: March 06, 2026 | Pages: 006 - 009

Author(s): Rehan Haider* and Hina Abbas

The retinal degeneration condition leads to permanent vision loss, which affects millions of people worldwide who suffer from age-related macular degeneration, retinitis pigmentosa, diabetic retinopathy, and other inherited retinal disorders. The medical field once believed that damage to photoreceptors and retinal pigment epithelium cells would result in permanent lo ...

Exploring the Changes in Employment Psychology of College Graduates in the ‘Internet+’ Era —Taking Independent Colleges in Jiangsu Province as an Example

Published On: January 14, 2026 | Pages: 001 - 005

Author(s): Chen Pingbo*

China's higher education has entered a stage of universalization. This is not only a quantitative change, but also a qualitative transformation in many aspects, including entry requirements, training models, social needs, teaching methods, and training objectives. Higher education needs to cultivate hundreds of millions of high-quality workers, tens of millions of spe ...
