RETRACTED: Total Robotic Resection of Ascending Duodenal Gastrointestinal Stromal Tumor using Tubular Stapler Anastomosis: A Case Report

Published On: January 28, 2025 | Pages: 001 - 004

Author(s): Zuo Shengzhe, Jinhao Peng, Huang Guanda, Liao Xiaofeng and Zhang Yongkang*

An obese patient was admitted to the Department of Gastrointestinal Surgery at Xiangyang Central Hospital, an affiliated hospital of Hubei University of Arts and Sciences, in June 2024 due to a gastrointestinal stromal tumor (gastrointestinal mesothelioma) of the ascending duodenum. Complete robotic excision of the gastrointestinal stromal tumor and tubular stapler in ...
