Spices tropical-traditional-bio-medicines (STTBM) protect public health

Published On: March 25, 2024 | Pages: 001 - 006

Author(s): Subhas Chandra Datta*

The puzzled scientists are searching for the proper vaccine to vaccinate the whole world against the 'Future Disease', and the different bio-pharmaceutical factories may take responsibility as quickly as possible to prepare vaccines. The primary 'Tropical Traditional Spices Community BioMedicines Extract' is used to conquer this situation. The main objectives of the c ...
